The diary that brought me to  
death

Once upon a time I was in my room asleep on my bed when suddenly "Beep Beep Beaaaaa..." I woke up in shock! It was just my alarm. I checked my window and it was 3:00am. I got closer to the window and I looked out. I could hear a faint "tick tick tick". It started getting louder. "tick tick tick". I knew something was coming to my window! So then I quickly closed the window. It was definitely a few minutes since I last checked the time. I checked again and it was still 3:00am! I thought it must be broken, so I thought "But Bas Bum Bum" I wanted to go back to bed. I tried to lock the door but it's too late. HELP

Two Ghosts!

It was a spooky Halloween night. My friend came for a sleepover at my house. My Mum said, "Maia can you go <sup>to</sup> the basement to get the candy, please?" "In the basement! But..." "Let's go!" said my friend Maileys. I said to Maileys that the basement was the spookiest place in the house. Then suddenly there was a noise. I didn't find the light, then Maileys found the light. When she turned on the light, the light turned off! We screamed. Suddenly we heard a spooky voice.

"Oooooo..." "Ahhhhhhhhhhhhhhhhhh!!!!!!!!!!!!!!!!!!!!!!" we screamed. There were two ghosts! My friend looked under the ghosts, but there was no feet! "Ahhhhhhhhhhhhhhhhhh!!!!!!!!!!"

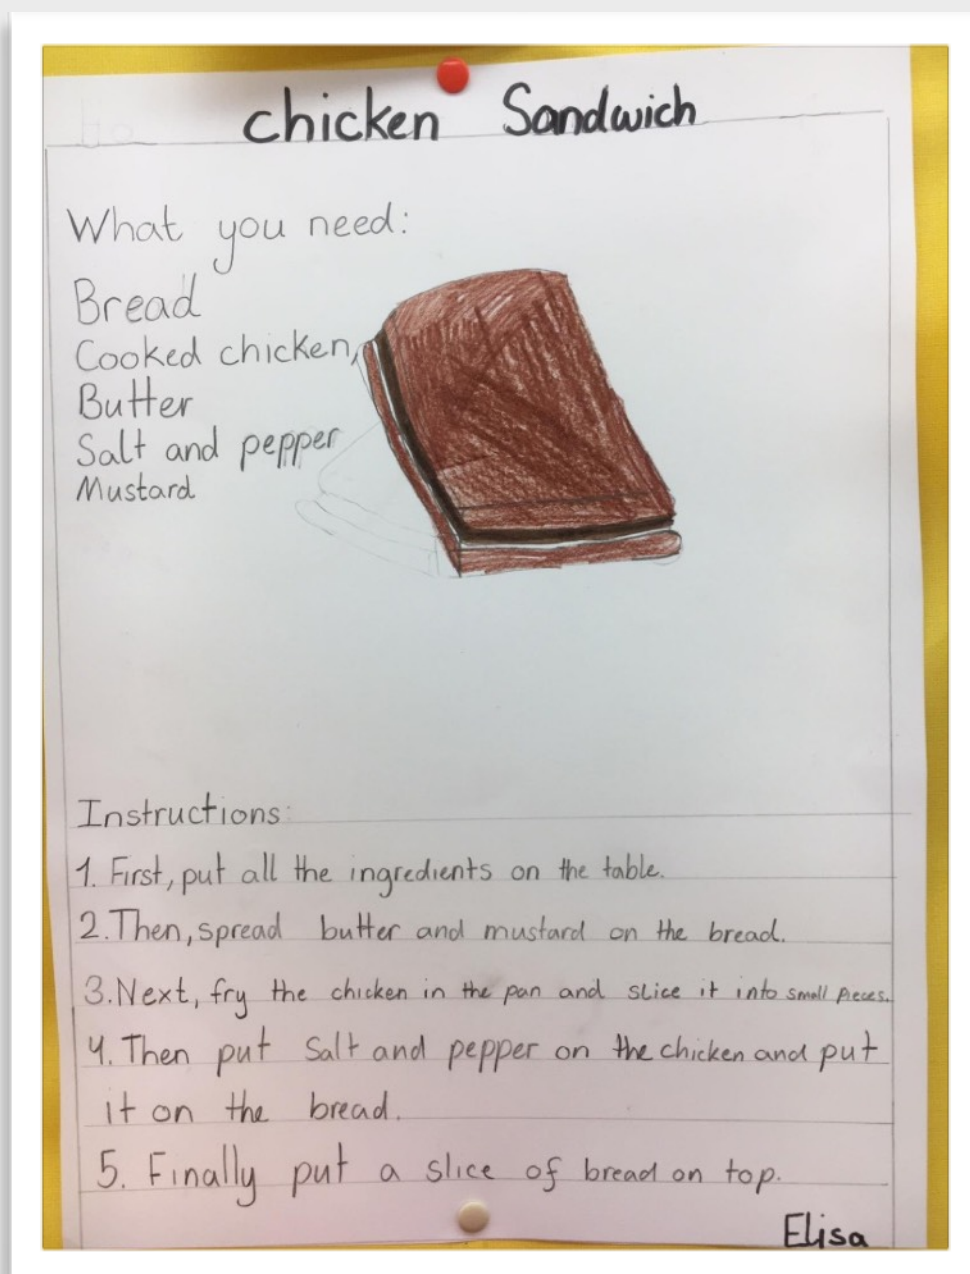

We screamed again. The ghosts were eating the candy! Maileys and I fainted. When my friend and I woke up, ~~the~~ they were gone! And the candy too! "Maileys and me are upstairs! I never came downstairs again and neither did my mum, my brother or my dad."
