# Journey into space

BY GIORGIA, LEVEL 6

5,4,3,2,1 blast off. We are flying up to space. Now we are through the atmosphere but we have some problems. The captain is hurt, and we have to do something. Then the other Astronaut comes and takes the comanda. He pressed a few buttons and then the spaceship stopped moving. But the Captain was still hurt, he was bleeding. So we helped him to stand up and disinfected his bleeding ~~So we~~ knee. Some time later he stood up and said "I can do it". He went to the comanda and everything was ok. After a few days we arrived at the moon, and landed safely on the moon. We took rocks and other things. Then we went to the craters of the moon to look at ~~the~~ the water. It was really fun to walk on the moon. We took a lot of time to get back to the spaceship. After a few months we came back to Earth. Everybody was happy to see us. The mission was successful.

BY MATILDA (LEVEL 3)

Years and years  
before you were born  
an alien found  
underpants.  
Aliens are silly because  
they put underwear  
on their heads

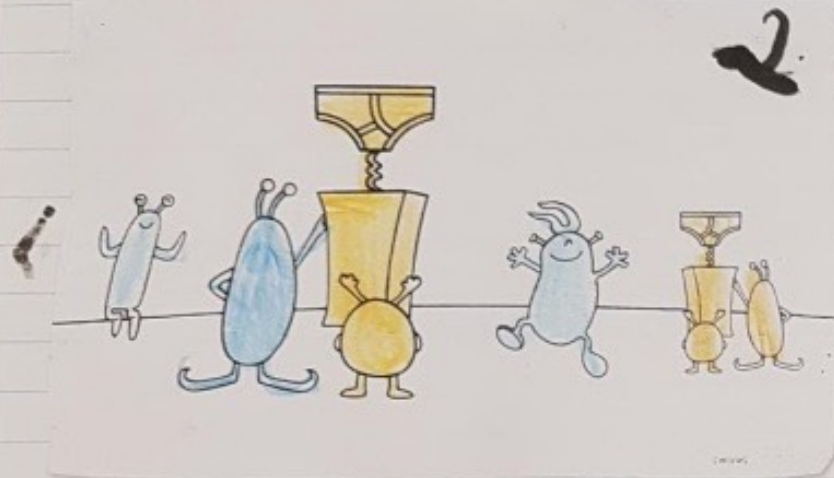

Aliens have statues  
of underwear. They go  
to your garden and  
use your underpants.  
So before you put on underpants  
check aliens could still be in your  
underpants.
